Renee Switzer Guarino and Renato Guarino
Proprietors

We are dedicated to providing a healthy living environment.

Cottage Al Sole endeavors to provide a healthy chemical and fragrance free environment that is environmentally safe for those who may have sensitivities to chemicals, fragrances or additives.

In order to meet this goal we do the following:

- 1. In the Laundry we use only fragrance free, and chemical free detergents. Seventh Generation Free and Clear, or Ecover Brands. We do not use fabric softeners or dryer (Bounce) sheets. We only use a dryer when it is not possible to dry clothes outside in the sun.**
- 2. Only Glycerine or Hemp based organic bar soaps without fragrance are provided. Shampoos and Conditioners are fragrance free and organic.**
- 3. Household Cleaning Products under the Ecover Brand name or natural vinegar and water are used .**

Scented candles or any air fresheners are not used.

We request that all guests respect the Fragrance Free policy.
